Indiana Still Considered Doubtful—Cincinnati Goes Democratic by Less Than One Thousand Majority—Democrats Carry New Jersey—Returns From Other States.

HARRISON'S FUTURE HOME.

NEW YORK.

NEW YORK, Nov. 7.—Ten hundred and thirty-eight election districts in this state outside of this city and Kings county, give Cleveland 305,451; Harrison, 253,815; Fisk, 11,984. The same districts in 1884 gave Cleveland 189,034; Blaine, 226,518; St. John, 21,239.

Ten hundred and twenty-nine districts outside of New York and Kings county, give Hill 206,315; Miller, 236,074; Jones, 10,045. The same districts in 1885, gave Hill 163,494; Davenport, 189,552; Bascom, 13,051.

New York Press Comments.

NEW YORK, Nov. 7.—The Herald says: "The political lesson of the election is that the supremacy of the Democratic party has been sacrificed to the ambition of David B. Hill and Abram Hewitt. A fact which Democrats throughout the country should lay to heart is that in this game of politics their possession of the imperial patronage of New York city is held to be of far more importance than the government of the Union."

"Returns thus far received indicate that the tariff reform issue has proven strongest in states hopelessly Republican. In Illinois, Minnesota, Iowa and Nebraska the Democratic ticket has made large gains upon lines foreshadowed in the recent tariff debate in the house. These gains, though encouraging have not been sufficient to offset the Republican majorities in these states and have therefore been of no material advantage to the National Democratic ticket. On the other hand the tariff issue has not proven strong in the doubtful states, particularly in New York state.

The Times publishes estimates from every county in New York state. The counties carried by Cleveland give 79,506 plurality and those carried by Harrison 87,082—a plurality of 7,576 for Harrison.

As a result of the tabulation of the New York state returns by counties, the World places Harrison's plurality at 8,389.

The Tribune's estimates of New York state by counties, with Monroe, Hamilton and Wyoming counties missing, show a plurality of 4,773 for Harrison in the state. The three missing counties are all Republican.

Comments on Congress.

NEW YORK, Nov. 7.—The Tribune says: "The house of representatives in the Fifty-first congress will be Republican from 20 to 25 majority. The indications are that this may be slightly increased. The New York delegation will stand 15 Republicans and 16 Democrats. In Connecticut the Republicans gain two congressmen and in New Jersey they lose one. Some notable gains are reported in the south, in Louisiana and Arkansas, and in the west, in Missouri."

The Times claims that the next house will stand: Democrats 175, Republicans 159.

The World Gives It Up.

NEW YORK, Nov. 7.—The World has given up the fight in an extra edition. It publishes its election returns under the following caption: "Forlorn hope. It looked as if Illinois Might Elect Cleveland, but Later Returns are More and More Republican. You May as Well Call It President Harrison."

New York City for President.

NEW YORK, Nov. 7.—The total presidential vote, complete from every election district in the city is as follows: Harrison, Republican, 105,750; Cleveland, Democrat, 102,965; Fisk, Prohibitionist, 1,293; Cooney, Labor, 1,529.

For Mayor in New York City.

NEW YORK, Nov. 7.—The city complete gives for mayor: Erhardt, Republican, 67,721; Grant, Tammany Democrat, 107,537; Hewitt, Democrat and Independent, 64,134; Coogan, Labor, 9,465.

MASSACHUSETTS.

BOSTON, Nov. 7.—Returns from all but ten towns in this state gives Harrison 189,958; Cleveland, 150,234; Fisk, 8,524.

For governor: Ames, 118,245; Russell, 151,171; Earle, 1,059. Republican plurality, 27,077.

The senate will probably stand thirty-three Republicans and seven Democrats, a gain of three Republicans.

Massachusetts Congressmen.

BOSTON, Nov. 7.—Returns from the Second, Seventh and Eighth congressional districts are not yet complete, although sufficiently to show the election of the Republican candidate in each district. The result in other districts are as follows:

First district—Charles S. Randall, Republican, 14,738; Delano and Cummings, Democrats, 8,559; Miller, Prohibitionist, 79.

Third district—John F. Andrew, Democrat, 16,398; Beard, Republican, 14,174; Shugr, Prohibitionist, 275.

Fourth district—Joseph H. O'Neill, Democrat, 14,743; Morrison, Republican, 6,717; Whitcomb, Prohibitionist, 183.

Fifth district—Nathaniel P. Banks, Republican, 14,837; Higginson, Democrat, 13,456; Kendall, Prohibitionist, 375.

Sixth district—Henry Cabot Lodge, Republican, 19,396; re-elected; Usher, Democrat, 14,272; Crossman, Prohibitionist, 859.

Tenth district—J. H. Walker, Republican,

18,959; Sayles, Democrat, 12,135; Allen, Prohibitionist, 147; Republican gain.

Eleventh district—Rodney Wallace, Republican, 15,839; Skinner, Democrat, 11,125; Cowell, Prohibitionist, 1,096.

Twelfth district—Francis W. Rockwell, Republican, 14,843; re-elected; Ely, Democrat, 12,839; Butler, Prohibitionist, 935.

INDIANA.

INDIANAPOLIS, Ind., Nov. 7.—Five hundred and sixty precincts give Harrison 89,217; Cleveland, 77,356. In 1884 Blaine, 79,754; Cleveland, 74,937. Net Republican gain, 3,795.

Republican county committee concedes this county, Harrison's home, to Democrats by a majority of from 300 to 700. Blaine carried it in 1881.

Gen. Harrison arose about 7 o'clock, and during breakfast leisure inspected a big pile of dispatches, which arrived after he retired at 1 o'clock, and which his son, Russell, Harrison, and son-in-law, Mr. McKee, had sat up all night to tabulate. He manifested no unusual exuberance of spirits, and was as reticent as ever.

Bynum, Democrat, is re-elected from the Indianapolis district.

William Davis, a popular young Republican and assistant to W. Alexander, private secretary to Gen. Harrison, was attacked by an unknown man in Circle Square Wednesday morning and his skull crushed. He was taken to the hospital in a dying condition. His assailant escaped.

Six hundred and forty precincts give Harrison 90,530; Cleveland 90,398. In 1884 same places gave Blaine 91,354; Cleveland 88,613; Republican gain 4,443.

ILLINOIS.

CHICAGO, Nov. 7.—Gen. Harrison has carried the state of Illinois by at least 30,000 majority, and it may be more, while Fifer has been chosen governor by a majority not far from 10,000. In Cook county the vote on governor is close, and it is not probable that the majority either way, when figured out, will be large.

While the congressional returns are necessarily meagre, they are to the effect that the Republicans have held their own. Gen. Post is re-elected in the Peoria district, and Congressman Guest is surely safe in the Rock Island district by a comfortable majority. Jehu Baker will succeed himself in the Eighteenth, while Adams, in the Fourth district, is saved through the grace of his friends in the country towns. Abner Taylor is elected by large majority, Frank Lawler scrapes through, and the Hon. W. E. Mason is re-elected.

At 2:15 a. m., 250 precincts outside of Cook county, show a net Republican gain of 2,538. If maintained throughout the state Harrison's plurality will be about 25,000. Palmer shows large gains, but present figures indicate the election of Fifer, Republican, by about 5,000 to 8,000 plurality, but this is uncertain.

Cook County.

CHICAGO, Nov. 7.—With the returns from several city precincts and country towns still missing, it is impossible to give the exact figures on the result in Cook county.

Gen. Harrison's plurality will probably be less than 2,000; while Gen. Palmer has run so far ahead of his ticket that he will lead Mr. Fifer by 3,300 or more. The Republican county ticket is probably elected without exception.

The hundred and eighty-five precincts in the state give Cleveland 57,737, against 53,398 in 1884; Harrison 47,106, against 40,919 in 1884.

All the morning papers concede that Harrison will carry the state by a good majority. Some of them, however, claim the election of Palmer, Democrat, for governor.

Chicago's Complete Returns.

CHICAGO, Nov. 7.—The complete returns of the vote of the city of Chicago for president and governor, show the total vote to be: Harrison, 58,691; Cleveland, 62,138; Fifer, 57,815; Palmer, 64,123.

CONNECTICUT.

HARTFORD, Conn., Nov. 7.—Connecticut gives Cleveland, for president, a plurality of 429, with two towns to hear from, which will reduce it to about 350. Morris, Democrat, beats Bulkeley, Republican, for governor, 1,500, with three towns to hear from. Bulkeley will be elected by a Republican legislature.

The Democrats elected congressmen in the Second district, and the Republicans in the First, Third and Fourth. Republicans gain one.

Both houses of the legislature are Republican, insuring the election of a Republican state ticket. The latest calculations give the Republicans seventeen senators and the Democrats seven. This is a Republican gain of four. The Republicans also gain in the house over last year.

CALIFORNIA.

SAN FRANCISCO, Nov. 7.—One hundred and three precincts outside of the cities give Harrison 4,149; Cleveland, 3,833.

Claimed By Both Parties.

SAN FRANCISCO, Nov. 7.—The chairman of the Democratic state committee has sent the following to the New York Herald: "The returns as heard from indicate a majority in the state of from 5,000 to 6,000 for Cleveland. WILLIAM D. ENGLISH."

M. M. Este, chairman of the Republican National convention which nominated Harrison for president, says the state has gone Republican by from 8,000 to 15,000. He bases this statement on unofficial returns from the chairman of the different county committees throughout the state.

The Chronicle says: "Returns show that the interior has been carried by the Republicans by a handsome vote; that the victory in the state outside of the city is complete. Harrison has a plurality of from 10,000 to 12,000 in the interior. In addition to this splendid result the Congressional districts outside of the city gave majorities for the Republican candidates."

The Examiner, Democrat, says: "The indications in California are more favorable to Cleveland. There is hardly a doubt that the state is Democratic by a good majority. San Francisco especially has done magnificently. If the ratios shown on first returns be maintained, Cleveland will have 7,000 majority in the city."

The Chronicle claims that the Republicans have elected the following congressmen in the interior: First district, Thompson; Second, Biggs; Third, McKenna; Sixth, Vandover.

PENNSYLVANIA.

PHILADELPHIA, Nov. 7.—Indications are that Pennsylvania has gone for Harrison by 55,000 plurality, of which Philadelphia gave 25,000. John Wanamaker, one of the Republican electors, was largely scratched by railway men.

Harrison's plurality in Philadelphia is 18,565. John Baridley, Republican, for city treasurer, has a majority of 17,500, and Gratz, Republican, for register of wills, 2,655. On the judiciary ticket John J. Mitchell, Republican, nominee for the supreme bench, leads in the city by 21,661.

All the Republican congressmen were elected by large majorities, and Samuel J. Randall, the Democratic champion of protection, from the third district, was re-elected practically without opposition.

IOWA.

DUBUQUE, Iowa, Nov. 7.—Returns are very meagre. Republican gains are reported. Henderson, Republican, for congress, received an overwhelming majority. The present indications are that part of the Republican ticket and part of the Jacksonian ticket is elected in this county. Day, Democrat, for railroad commissioner, will have a large majority.

The Republican plurality in Iowa is estimated at 30,000, against 19,773 in 1884. The party's representation in congress will probably be increased one, possibly two.

OHIO.

COULMBUS, O., Nov. 7.—Chairman Capper, of the Republican state committee, estimates that Harrison and Morton have carried the state by at least 25,000. The Republicans hold their own in all the congressional districts, with the possible exception of the Tenth, where Romeis may possibly be beaten. He claims a gain in at least two districts, making the Ohio congressional delegation stand: Republicans, 16; Democrats, 5.

Haynes Defeats Romeis.

TOLEDO, O., Nov. 7.—William E. Haynes, Democrat, has defeated Jacob Romeis, Republican, for congress in the Tenth district, by a majority of 1,500. This is Frank H. Hurd's old district, but has been represented by Romeis for three consecutive terms.

MICHIGAN.

DETROIT, Mich., Nov. 7.—From returns received up to 9:40 the indications are that Michigan has gone Republican by 10,000 to 15,000, and the entire state ticket will be elected, and a gain of two or three Republican congressmen is likely.

Burt, Democratic candidate for governor, concedes his defeat by 2,000.

The Republicans gain two congressmen certainly, and perhaps three, Ford and Tarnsey being defeated in the Fifth and Eighth districts respectively. The Tenth district is still in doubt. The legislature is safely Republican on joint ballot, insuring the election of a Republican senator to succeed Palmer.

VIRGINIA.

ALEXANDRIA, Va., Nov. 7.—At midnight W. W. Scott, secretary of the state democratic committee, said that although the returns were very meagre, the indications are that Cleveland and the Democratic ticket would receive a decreased majority in the state; he thought the majority of Cleveland would be from 4,000 to 5,000. He thought the Democrats would gain at least two if not three members of congress. This would put Democrats in the place of Browne, of the sixth district, and also in the places of Gaines and Hopkins.

NEW JERSEY.

NEW YORK, Nov. 7.—Sun bulletin says New Jersey will give Cleveland a plurality of 6,000 to 8,000.

The legislature will be Democratic by a close vote. The senate stands, Democrats, 11; Republicans, 10. This is the first time in ten years that the Democrats have had the senate. The lower house is claimed by the Republicans to be a tie, but the Democrats say they have a majority. The closeness of the legislature will make the contest for United States senator next winter unusually exciting.

NEW HAMPSHIRE.

CONCORD, N. H., Nov. 7.—One hundred and fifty-five towns and cities give Harrison, 25,595; Cleveland, 23,375; scattering, 933. The same places in 1884 gave Blaine, 24,144; Cleveland, 21,792.

For governor the same amount of town and cities give Goodell, Republican, 24,306; Amesden, Democrat, 23,006; scattering, 378. The same places in 1880 gave Sawyer, Republican, 21,925; Cogswell, Democrat, 20,439; scattering, 1,344.

DAKOTA.

BISMARCK, Dak., Nov. 7.—The returns from this and outlying sections indicate that Matthews, Republican, has been elected delegate by a majority of at least 20,000. This is a slight falling off from the vote two years ago. The Republicans carry more than three-fourths of both houses of the legislature and scarcely a Democrat has been elected throughout the territory.

KENTUCKY.

LOUISVILLE, Ky., Nov. 7.—At this hour it looks like the Republicans are sure of two congressional districts and very possibly may carry one other—the Ninth. The state will probably give Cleveland 40,000 majority. Caruth defeats Willson in this district by about 1,700.

Carlisle was re-elected in the Sixth district.

MISSOURI.

ST. LOUIS, Nov. 7.—Mississippi county, Missouri, complete: Cleveland, 1,300; Harrison, 840. Same in 1884—Cleveland, 1,222; Blaine, 729.

One hundred and forty-six precincts out of a total of 192 in St. Louis city give Cleveland 25,641; Harrison, 31,918. For governor: Francis, 34,073; Kimball, 34,374.

MINNESOTA.

MINNEAPOLIS, Minn., Nov. 7.—The Republican state committee claim a plurality of 25,000 for Harrison; 16,000 for Merriam, Republican candidate for governor; 20,000 for the balance of the state ticket and the election of five Republican congressmen. A clean sweep.

OREGON.

PORTLAND, Ore., Nov. 7.—Ninety-six precincts in this state out of 490, outside of this city, give Harrison 12,707; Cleveland 9,920;

Fisk 291. The same precincts in 1884 gave Blaine 10,115; Cleveland 9,092.

Harrison carries the state by probably 10,000.

MAINE.

AUGUSTA, Me., Nov. 7.—Blaine has sent the following telegram to Harrison:

"Returns thus far received indicate that Maine has given you a majority of 25,000. It will be more rather than less."

MISSISSIPPI.

JACKSON, Miss., Nov. 7.—This city goes Democratic by about 53 majority for the first time in many years. The state has gone Democratic with five Democratic congressmen.

COLORADO.

DENVER, Col., Nov. 7.—The state has gone Republican by about 12,000 majority. Hosea Townsend, Republican candidate for congress, is elected over Thomas Mason, Democrat.

ALABAMA.

MONTGOMERY, Ala., Nov. 7.—Alabama has rolled up a big majority for Cleveland and Thurman and will send a solid Democratic delegation to congress.

TENNESSEE.

NASHVILLE, Tenn., Nov. 7.—The entire state has gone Democratic by largely increased majorities. The congressional delegation remains unchanged.

NORTH CAROLINA.

WILMINGTON, N. C., Nov. 7.—The returns show a small Democratic gain over the vote of 1884, when the Democrats carried the state by over 18,000.

RHODE ISLAND.

PROVIDENCE, R. I., Nov. 7.—A close computation of the vote of the state is as follows: Harrison, 21,965; Cleveland, 17,496; Fisk, 1,270.

MONTANA.

HELENA, Mont., Nov. 7.—Indications are that the Republicans carried the territory by 1,500 majority.

NEW HAMPSHIRE.

CONCORD, N. H., Nov. 7.—The Granite state gives Harrison an increased majority.

ARKANSAS.

LITTLE ROCK, Nov. 7.—The state is undoubtedly for Cleveland by a large majority.

NEVADA.

VIRGINIA CITY, Nev., Nov. 7.—The three precincts in this state out of 172 give Harrison 2,307; Cleveland 1,095. The same precincts in 1884 gave Blaine 2,334; Cleveland 1,727.

WISCONSIN.

MILWAUKEE, Wis., Nov. 7.—Republicans claim the state by 18,000 to 20,000 majority.

KANSAS.

TOPEKA, Kan., Nov. 7.—Kansas is good for Harrison and Morton by at least 60,000.

LOUISIANA.

NEW ORLEANS, Nov. 7.—Cleveland's majority in the state is estimated at 30,000.

VERMONT.

WHITE RIVER JUNCTION, Vt., Nov. 7.—The state is largely Republican.

SOUTH CAROLINA.

CHARLESTON, Nov. 7.—The state has gone Democratic by probably 50,000.

NEBRASKA.

OMAHA, Nov. 7.—Republicans probably carry the state by 25,000.

TEXAS.

FORT WORTH, Nov. 7.—Mills and Sayers have both been re-elected.

Bulldozing Stopped By Fire.

HAVERHILL, Mass., Nov. 7.—Fire started in the city hall building Tuesday forenoon. There was danger of the fire spreading to adjacent buildings, including the Methodist meeting house, a large wooden structure; the Haverhill hat factory, and a large mill. The city hall was built in 1860, at a cost of \$25,000. Voting in the First ward was proceeding in one of the rooms of the city hall when the fire broke out, but the ballot-box was saved with its contents. The city hall was completely gutted. The Center Congregational church is saved, with a damage of probably \$3,000.

Troops Called Out.

LOUISVILLE, Ky., Nov. 7.—In an election riot at Bowling Green, Ky., a mob of colored men attacked Supervisor Wilkerson. He defended himself with his revolver and one colored man was killed, one dangerously wounded and a white man shot through the arm. The state troops had to be called out. They quickly scattered the rioters.

DIAMOND ROBBERY.

A Successful Trick Played Upon a Texas Jeweler.

HOUSTON, Tex., Nov. 8.—Shortly after 12 o'clock Monday an unknown crook entered the jewelry establishment of Mr. H. Bente, on Preston street, and by a singularly bold movement, secured a tray full of diamonds set in different styles. It seems that Mr. Bente was absent from his store at the time of the robbery, and a Chinese merchant, whose store adjoins and is connected by an open doorway, was left in charge.

About the time of the robbery the Chinaman's attention was attracted by a party who priced some handkerchiefs. The robber was seen by a couple of Chinamen from their laundry, directly opposite. He went in the store and, proceeding to a safe, closed but unlocked, opened it and secured a pocketful of diamonds from a tray, after which he left with his booty, and made good his escape.

PAYNTER

Undoubtedly Elected, but His Majority Not as Large as First Reports Indicated.

Latest Returns From the Counties in this District.

Returns from the district are very conflicting, and the exact figures will not be known until the official count is completed.

Judging from the latest and most reliable reports and conceding the Republicans all they claim, Mr. Paynter's majority is about 200.

Nothing has been heard from Rowan, and the returns from that county are anxiously awaited.

The following majorities for Paynter are based upon our latest and most reliable returns:

PAYNTER.	
Bracken.....	611
Robertson.....	306
Mason.....	538
Fleming.....	160
Nicholas.....	549
Bath.....	150
Total.....	2,254
Republicans claim the following:	
BURCHETT.	
Carter.....	445
Johnson.....	519
Martin.....	360
Boyd.....	160
Lawrence.....	125
Rowan.....	100
Lewis.....	430
Total.....	2,159

The vote in Greenup is so close that it will take the official count to decide who has carried it. The figures above still leave Paynter a majority of 95, but the information the Democrats have from Vanceburg gives Burchett only 368 majority in Lewis County. A telegram from Captain Geo. W. Castle, of Lousia, says Burchett's majority in Lawrence is only 100, in Johnson 500 and Martin 315. If these figures are correct they make a change from the Republican estimates above given of 146 in favor Paynter.

As we said before reports from the eastern end of the district are rather muddled, and it will take the official count to settle the majority.

The Latest.

Hon. R. B. Lovel received a letter this morning from Mr. Paynter in which he says his majority is 330.

A telegram from Joseph A. Sparks, of Vanceburg, says Burchett's majority in Lewis is only 362.

MAJOR BURCHETT didn't tan that Paynter's hide.

BRECKINRIDGE's majority is about 4,000, and Speaker Carlisle's runs up to over 6,000, the largest he ever received.

It is especially gratifying to Kentucky Democrats to learn that Congressmen McCreary, Breckinridge and Carlisle have been re-elected by handsome majorities.

NEAR West Union, Ohio, John F. Beck and Coleman Seaman were drowned the night before the election while crossing Beasley Fork on their way to address a political meeting.

THE complete returns from Nicholas gives Paynter the handsome majority of 549. Nicholas Democrats are of the right stripe. They can always be counted on to do their duty.

Religious Notes.

A protracted meeting is in progress in the M. E. Church, South, at Carlisle.

Minnesota Congregationalists gave \$158,000, or \$14 a member, thus leading all other churches in liberality last year.

The Louisville Methodist Orphans' Home has \$28,710 27 endowment, \$21,200 property, \$9,629 75 other resources. There are twenty-nine children in the Home.

Revs. J. M. Evans, of this city, and Joseph Hopper will begin a protracted meeting at the Moorefield Methodist and Presbyterian Church next Saturday night.

Stock, Field and Farm.

Prices of feed in Paris: Corn \$1.50 per barrel; timothy hay \$12 per ton and clover hay and oats \$10 per ton.

Potatoes are selling in Davenport, Ia., at from 15 to 18 cents per bushel, and onions as low as 12 cents per bushel.

There has been over a million dollars worth of trotters and other horses sold in the Blue-grass section of Kentucky so far this season.

The farmers of Maryland have about decided to abandon the tobacco industry and devote their time to other agricultural pursuits. This condition exists in nearly all the Eastern States, and very little, if any, will be grown next year.

STILL GOT US.

New York Conceded Republican and Indiana Doubtful.

Official Count Necessary to Decide Who Will Control Congress.

There were some Democrats in Maysville yesterday who looked for a repetition of the story of 1884. They hoped later returns from New York and Indiana would prove more favorable than the news on election night.

Excitement ran high all day long, and reports were anxiously awaited. A private telegram to Judge Wall at 7:30 p. m. stating that Senator Gorman still claimed New York and Indiana put some Democrats in high spirits. Later reports, however, have destroyed all hopes. It's unwelcome news, but the Democrats have undoubtedly lost New York, and Cleveland is defeated.

The following is the latest news we have been able to obtain:

SPECIAL TO BULLETIN:

CINCINNATI, O., Nov. 8th, 10:40 a. m.—New York is conceded Republican.

Indiana probably Republican.

Both parties claim Congress, and the official count is necessary to positively determine.

AMERICAN PRESS ASSOCIATION. FROM ANOTHER SOURCE.

NEW YORK, Nov. 8, 4 a. m.—The unofficial returns in the State as far as returned show pluralities for Cleveland of 78,956 and for Harrison of 90,147, giving Harrison a plurality in the State 11,191.

The Result in Huntington Township.

The election in Huntington Township, Brown County, Ohio, resulted as follows:

PRESIDENT.	
Cleveland.....	379
Harrison.....	301
CONGRESS.	
L. T. Neal, (D).....	382
J. J. Fuglesy, (R).....	296

The majorities on the judicial and county tickets were about the same as above.

JUDGE HARGIS, G. W. Bramblett and others own the finest body of available land in the mountains of Eastern Kentucky. The land lies on the three forks of the Kentucky River and will soon be skirted by two railroads.

Ladies' Hats and Bonnets.

(New York Herald.)

The new hats are varied. It is almost impossible to say definitely and authoritatively what is the fashion. Many of the autumn felts are small and cap-shaped, fitting close to the head, with round, low, cap-like crowns, no brim at all in the back, and a little sort of visor-like projection in front. These are edged all around with a full edging of velvet, and either almost entirely covered with broad ribbon bows or else with erect loops of velvet ribbon.

Bonnets have largely given away to hats, except for use by women too old to longer wear youthful headgear. Bonnets, too, are for the most part low, and have replaced the little close strings of velvet, which pinned close behind each ear, with broad ribbons of the shade of the bonnet tied under the chin in a good-sized bow.

THE Harrodsburg Democrat says: "The crop of watermelons was so large the past season in the mountains, and there being no market for this delicious vegetable, the inhabitants had to devise some way in which to dispose of their surplus, so they manufactured them into brandy. This new beverage is said to be delightful in its taste, not having the taste of the melon, but more strength than the famous apple jack. When it becomes generally known that watermelons can be utilized that way, it will double the value of the crop, as ten gallons of brandy can be manufactured out of fifty watermelons, which would sell, with the tax paid, at \$1.30 per gallon."

SHOT IN THE NECK.

Steve Boyd, Colored, Found Dead Under the Viaduct at Foot of Wall Street.

The Affair Shrouded in Mystery—But Little Clue as to the Killing.

The dead body of Steve Boyd, colored, was found early this morning under the iron viaduct at the foot of Wall street.

It was first discovered by Mr. William Wormald, who was on his way to the coal landing. The head of the dead man lay in a pool of clotted blood, and Mr. Wormald saw at once that the fellow had no doubt, been murdered.

The news spread rapidly and a crowd was soon collected about the body. Coroner Cockerill was notified and after viewing the remains had them removed to the undertaking establishment of Q. A. Means & Son.

At the inquest the following was developed: Will Green, colored, who had been arrested on suspicion by Deputy Marshal Dawson, testified that he was with Boyd early last night. Boyd had seventeen dollars in his pocket and bought a pair of shoes at Bertram's paying seven dollars for them. He then gave George Strawder, the barber, nine dollars to keep for him. Green, Boyd and some woman afterwards went to Eitel's saloon where they drank some wine. The men then went to Foster's, a few doors below, and got more liquor. Later in the evening they went to Harrison and Morton headquarters, where Green testified he left Boyd. Green lives at Dr. Shackelford's and he says he went home when he left the Republican headquarters, and did not see Boyd afterwards.

The testimony of Henry Bertram and George Strawder agrees with that of Green as to the transactions at their places of business.

Mr. J. P. Nash testified he was standing at his barber shop and boarding house, near Yancey & Alexander's stable about half past ten o'clock when Boyd came along and asked him for a quarter. On being refused, Boyd got mad and said to Nash: "If I had a pistol I'd shoot you." Nash ordered him away and he left. This was the last seen of the dead man.

Judge Coons, who lives on Front street east of Wall, testified that he heard a pistol shot in that vicinity about 12 o'clock. Just before the shot was fired he heard some one exclaim: "Let it go." He did not pay much attention to the matter as he thought some one was simply firing a pistol.

An examination by Dr. Browning developed the fact that the fatal shot was fired at close range, as there were powder marks about the wound. The ball was of large caliber and entered below the right ear, ranging upwards passing through and coming out on the left side of the face a few inches in front of the ear.

Boyd was about twenty years old and was unmarried. He was looked upon as a simple-minded fellow.

The Coroner's jury returned a verdict that Boyd came to his death from a pistol shot fired by some party unknown to them.

Marshal Heflin and Deputy Marshal Dawson are at work on the case.

Will Green, who was arrested on suspicion, was released after the Coroner's inquest.

Boyd was, no doubt, shot near the corner of Wall and Front, and afterwards dragged to where his body was found.

LATER—Some clue has been obtained that will probably lead to the conviction of the guilty parties.

Death of Ferd Hechinger, of Baltimore.

THE GOOSE BONE'S PROPHECY.

Predictions of a Cold and Stormy Winter, With Lots of Sleet and Snow.

"The foreshadowing of the approaching winter, as it is read from the dots and the lines on the goose bone," says the Louisville Times, "is not a cheerful story. The promise given forth of sleet, snow and cold is a gloomy picture for the poor to look upon, and the many whose short purses will not permit them to lay in a bountiful supply of fuel will shiver at the thought of the kind of weather that the little bone foretells for the next four months. There will be more cold and wet weather than the people of this latitude have experienced for many a winter, and the cold spells will be longer and more severe than usual. The bone is dark at both ends, which indicates a long winter. Winter weather we will have in November, and the ice and snow will be familiar sights far along into March. The bone is wonderfully marked, the dots and breves, and lines mingle all along keel thus indicating very changeable weather, but the breves mostly turn down and are heavy, showing that the general character of the winter will be falling cold weather. The danger period is longer for November than any other month, running from the 10th to the end, with the most severe weather falling between the 20th and 26th, and at any time within this period blustering snows and unseasonably cold weather may be looked for.

"The first danger period in December extends from the 1st to the 5th; after which there will probably be a few days of sunshiny weather. The heaviest storm period of the month centers in the Christmas holidays, beginning on the 18th and passing to the 27th. At the opening of the holidays we will have very foul and probably some of the coldest weather of the season, and these cold lines along the bone until about the middle of January. Watch this period, but above all prepare for it. It is more than probable that the earth will be covered with snow when Christmas dawns and that a cold north wind will be blowing, so that Christmas fires will have to be bright and big for comfort. The 24th and 25th of December will be the darkest storm days of the month. On this bone all the indications of wet, cold and stormy weather meet about that time. It is a curious clustering of bad signs such as is seldom seen on the bone, and a mixture of weather may be looked for with wet and cold predominating. During this long spell of bad weather some of the dots on the bone are very dark, which means very cold, and we need not look to see the mercury far away from zero during the holiday week.

"The new year will come in cold and clear, with the first danger period commencing on the 4th. There are three storm periods in this month, the second commencing about the 14th and the last one about the 23d of the month. The dots that appear on the bone up to the middle of the month are heavy, from the 10th to the 15th especially so, and during this period very cold weather may be looked for. During December and January mercury will frequently be below zero, probably remaining there for days, and if there should be a low stage of water in the river there will be danger of a freeze over.

"For February short storm periods run all along the bone, and the general character of the month will be stormy and blustering, with some very cold days at the first of the month and again at the close. These severe spells and continued cold weather will keep the ice and the snow in the mountains, and the first spring month will be as hoary as old winter. As the bone ends very dark, it is very probable that March will be a repetition of November. In that case the farmers will find it very difficult to break ground, and all kinds of vegetation will be very late in getting a start. It will not be safe to put things in the ground too soon, as such a winter will be likely to be followed by killing frosts far into April. The writer remembers to have seen only one other bone to compare with the one this year, and that season there were frosts as late as May. Every indication from the reading of the bone points to a very backward spring, and the gardeners who have their richest harvest in early vegetation will find their work very risky and difficult."

MENTION was made a few days ago of the marriage of the actress, Miss Lillian Lewis. Lawrence Marston's good luck did not cease when he got her for his wife. A Chicago court has awarded him a verdict of \$5,000 in a lawsuit. In 1885 Marston had just finished his play of "Walton's Home," which Nate Salisbury and Fred. Bryton purchased from him, agreeing to pay a certain sum down, and the remainder in royalties as it was produced on the stage. They neither produced the play nor paid for it, but kept it. Marston sued for damages on the contract.

RUSSIA'S RULER.

Conflicting Reports Concerning Him in London.

STORIES AFLOAT THAT HE WILL SHORTLY CHANGE THE POLICY

To Which He Has So Steadily Adhered Since His Accession—The Repeated Attempts Against His Life Has at Times Almost Unbalanced His Mind—Other Foreign News Notes.

LONDON, Nov. 8.—Contradictory stories regarding the czar of Russia are plentiful here, so contradictory that it is hard to decide which, if any, to credit. It would seem certain, however, that important changes will shortly be made in the policy to which he has steadily adhered since his accession to the throne, or that an alteration will occur in the regime, either temporarily or permanently.

The life he has led of constant fear and dreadful expectation since the first attempt upon his life, has induced a nervous disorder, and his hitherto robust health has yielded to the steady tension of such existence. Despite his temperate and retired life his great personal strength has sensibly diminished, much, it is said, to his alarm. The late wrecking of his train in the south of Russia so completely unbalanced him, that it was feared for a while that his mind had given way beneath the shock.

Since that time he has been in a state of melancholy which has alarmed his attendants, and although the royal physicians are reticent, it is believed that the courage and strength of will which have hitherto characterized him will never return. Always religious, his devotional exercises now occupy a great portion of his time, and it is with difficulty that he can be persuaded to attend to the common routine of business, or take interest in military or routine affairs.

The monarchs of Russia have always placed extraordinary belief in the efficacy of prayers before the celebrated picture of the Virgin at the cathedral in Moscow. The first act of the czar after his recent miraculous escape from death was to prostrate himself before the holy painting and implore its help and intervention.

It is now said, first, that he will seek peace with the nihilists by proclaiming freedom of the press, gradual constitutional reform and pardon to political offenders; second, that he will seek mental and physical relief in an extended tour that will embrace nearly every European country, leaving the czarship as regent, and lastly that he will abdicate the throne entirely, recommending to his successor various reforms at stated periods. Of these three rumored courses the first is considered the most creditable one.

The Sackville Incident.

LONDON, Nov. 8.—The Daily News says that the publication of the blue book, containing the correspondence in the Sackville incident, "considerably improves the position taken by President Cleveland and Mr. Bayard. Lord Salisbury's error lay in not perceiving that Lord Sackville's recall involved no personal discredit."

The Standard considers that the blue book acquits the foreign office of any error, and shows that Lord Salisbury acted with dignity and discretion. "It removes," it says, "the only extenuation that it was possible to plead for Mr. Cleveland."

The Times says: "The blue book confirms our previous opinion and emphasizes Lord Sackville's indiscretion."

Zanzibar News.

ZANZIBAR, Nov. 8.—The sultan has sent a note to the Belgian consul, who has engaged 700 Zanzibaris to send to the Congo Free State. The sultan complains that the draining of Zanzibar's laborers stimulates the slave trade, and threatens the interests of the British company. The sultan is alive to the fact, but fears to veto the emigration.

That Divorce Scandal.

ST. PETERSBURG, Nov. 8.—Russia has notified the ports that should King Milan's divorce from Queen Natalie cause trouble leading to the occupying of Serbia by Austria, Russia would, in such an event, consider herself released from any obligation to refrain from occupying Bulgaria.

To Put Down Slave Trade.

BERLIN, Nov. 8.—Portugal has signified an intention of joining England and Germany in their combined naval action at Zanzibar to put down the slave trade.

Sixty Persons Drowned.

CALCUTTA, Nov. 8.—A ferry steamer, sunk in a collision here to-day, and sixty persons were drowned.

Foreign Notes.

It is stated that the czar will visit Berlin in the spring.

Proposals have been made to found a new Anglo-Hellenic bank in Athens with a large capital.

The betrothal will shortly be announced of the prince of Naples, crown prince of Italy, and Princess Clementine, the third daughter of King Leopold of Belgium.

Reports have been received at St. Petersburg of a terrible railway accident on the Southern Russian line near Zovet. It is stated that many have been killed.

Rich Lead Ore Discovery.

GALENA, Ill., Nov. 8.—A large cave, the sides and tops of which are lined with cubes lead ore, was discovered yesterday in Vinegar Hill township, this country. The mine was supposed to have been worked out twenty years ago. It is thought the cave will yield 1,000,000 pounds of pure galena. The owners, three brothers, who were poor men, will each realize a fortune out of the discovery.

Died From Extraction of a Tooth.

ST. LOUIS, Nov. 8.—Mrs. Ella Patton, aged thirty-five years, living at 1019 Washington avenue, died at 11 o'clock yesterday morning from the effects of blood poisoning, caused by having a tooth extracted on last Thursday afternoon. The woman informed the attending physician that she had her tooth pulled at a dental room. The deceased leaves six children.

An Indian Murdered.

DENISON, Tex., Nov. 8.—Mehitobi, a Bheraw Indian, was shot and killed in Sabine county last Saturday. Mehitobi was shot from his horse while crossing a small stream, where he had stopped to water his animal. A negro named Greenlee is suspected, but has disappeared. The dead man and negro had trouble several days ago.

MYSTERIOUS SHOOTING.

A Philadelphia Woman Probably Fatally Wounded in Her Own House.

PHILADELPHIA, Nov. 8.—A very mysterious shooting affair, which will in all likelihood cause the death of Mrs. Bettie Stokes, residing at No. 331 Greenway street, occurred last night. Quite early in the evening three shots were heard in the house, and an officer found upon investigation that a Cuban named Fred Raimos had shot Mrs. Stokes three times, two of the bullets taking effect in her face, and the third one in one of her lungs. The officer arrested Raimos, but only succeeded in doing so after the prisoner had fired a shot and had been clubbed into insensibility.

Both Mrs. Stokes and Raimos were taken to the hospital, where the former is dying and the latter is either feigning or is actually unconscious. Not the slightest clue as to the motive for the crime can be learned, the woman being unable, by reason of the wounds in her face, to talk, and the prisoner is likewise silent. Mrs. Stokes has a seven-year-old child, and lived with her husband in the house where she received her wounds. Her husband, who returned to the house shortly after the affair, can throw no light upon it.

FAT STOCK SHOW.

The National Convention of Cattle Growers to Be Held in Chicago.

CHICAGO, Nov. 8.—The annual National convention of cattle growers, to be held in this city during the coming fat stock show, will begin its sessions Tuesday morning, November 20, at 10 a. m., at the Grand Pacific hotel, instead of Monday morning, the 19th inst., as previously announced. This change has been rendered necessary in order to secure suitable accommodations for the meeting.

The Hon. J. H. Pickrell will report at this meeting upon the Texas fever tests conducted this season at the Union stock yards; United States Senator Palmer, of Michigan, will address the meeting on "Congress and the Cattle-Growers"; Dr. D. E. Salmon, chief of the bureau of animal industry at Washington, will report upon the government's work in relation to extirpating contagious diseases during the past twelve months, and an interesting discussion as to the future of the American fat-stock, dairy and horse show will be among the more notable features of the program. A large attendance at the convention is expected.

TRAIN ALMOST WRECKED.

Rails Upright in a Cattle Guard Struck By a Locomotive.

WARREN, Ind., Nov. 8.—At a late hour Tuesday night a desperate attempt was made to wrecked passenger train No. 5, north-bound, on the Cincinnati, Wabash & Michigan railway, after passing Spikes station, five miles north of this city, and when the train had attained full headway, the engine plunged into an obstruction. Rails had been placed upright in a cattle guard, and against this were piled huge cross ties.

The engine was not derailed, but the escape of the entire train load was miraculous. The obstruction could be seen but a short distance, owing to a blinding rain. The engine clung onto the obstruction, and the ties were lodged under the pilot. There is no clue to the perpetrators of the outrage.

MURDERERS FOUND GUILTY.

NEW ORLEANS, Nov. 8.—In the case of the state against Louis Claire and John Gibson, for the murder of Hon. Patrick Mealy on the night of the 31st of December last, which has been on trial during the past eight days, the jury returned a verdict of guilty, without capital punishment. The penalty is imprisonment for life. At 1 p. m. as Claire was entering the prison van after leaving the court room, James Burke, a nephew of the late Patrick Mealy, placed the muzzle of a pistol near Claire's side and fired. The ball struck something in Claire's vest pocket which caused it to deflect to one side, producing a severe but not fatal wound.

Another Guiltless.

WASHINGTON, Nov. 8.—A colored boy named William Forrest was in the police court to-day on the complaint of Julius Eimer, who stated that the boy had threatened to kill the president in case of his reelection. Prosecuting Attorney Shillington said that the president would have to come into court and swear that he was afraid of the boy, in order to maintain the charge. He did not think that the president desired to come into court, nor did he think he would swear that he was afraid of the boy. The boy was discharged.

Another Murchison Found.

LOS ANGELES, Cal., Nov. 8.—The Evening Express, of this city, publishes a statement that the real name of the author of the Murchison letter sent to Minister West is Francis G. Haley, and that he is a farmer living two miles from Pomona, Cal. The article declares that Mr. Haley is a native of New York, of Irish descent, and that he moved to Pomona from Ohio four years ago. It is also stated that Haley wrote the letter upon his own responsibility, and without consulting any other person.

The citizens have been earnestly requested to have themselves and all persons under their control vaccinated at once, and the request is generally being complied with.

Dr. Hostetter Not Dead.

PITTSBURG, Nov. 8.—The announcement made in this city last midnight, to the effect that Dr. David Hostetter, the well known millionaire and bitter manufacturer of this city, had died in New York last evening, is not correct. It is learned that he is alive to-day, but sinking rapidly, his death being expected at any moment.

Frenchman Killed in a Political Row.

CAIRO, Ill., Nov. 8.—A colored Baptist preacher named Hend was killed at Bird's Point to-day by State's Attorney Elliott. Both are residents of Charleston, Mo., and quarreled over politics. Hend is said to have fired at Elliott, when the latter attacked him with a pocket knife, cutting his throat.

DESPERATE WIFE BEATER.

A Cincinnati Man Makes an Attempt to Squeeze With Lead.

CINCINNATI, Nov. 8.—Michael Graf, aged forty-five, residing at 34 Jefferson street, Corryville, was locked up at Corryville station about 1 o'clock yesterday afternoon charged with abusing family. Shortly before 1 o'clock Graf's sixteen-year-old son William ran to the station house for an officer, saying that his father was beating his mother. Sergeant Bartley responded and took Graf to the station house.

He had been locked up but a short time when his son returned, bringing with him a small bottle labeled "poison," saying his father had taken the contents before the officer arrived. The name of Wagner, druggist, was blown in the bottle, and Lieut. Gill ascertained at the drug store that Graf had been sold a half ounce of laudanum a short time before. Patrol 3 was called and Graf taken to the hospital. It is thought he will recover. Graf has been on a spree for several days.
